(feat. Black Thought)

Line for line, you gotta get it done  
Little at a time, Zen approach  
Gradually, I'ma get mine  
Black Thought from the legendary 5th don

You wasn't payin attention  
I'm henchin to hit the entrance  
Trenchin it was no means to intervention  
A dollar bill would make a hundred ten yen, son  
How much you willing ta sacrifice ta win, huh?  
I personally I paid mines  
And then some climbed up an inch bit at a time  
Now who's the zen one  
If not self whom else can you depend on?  
Friends gonna say it's alright and probably they been  
wrong  
I got them battlefield dents in my armor  
A twitch from the drama  
The trees and bad karma  
But still I'm precision, procedure performer  
We operate every night, and leave in the morning  
Ta getchoo high as a kyte's the reason you want it  
It's like a direct flight from freezin ta burnin hot shit  
The audience fiend fa this fix  
And KRUSH come wit the guillotine fa this mix, like...

Line for line, you gotta get it done  
Little at a time, Zen approach  
Gradually, I'ma get mine  
Black Thought from the legendary 5th don

Yo, who got they fingers on the carousel locked in  
position  
It got to be my man, the turntable tactician  
You all at hush cause I ain't try to listen  
You wanna feel its realness, the Rik's spittin  
It gotcha head split your eyes can't stop twitchin  
The only thing that you can do is rock the rythm  
Don't put em down  
Cause see the world we're at now

See me lickin rhymes, rappin like a five of rounds  
And a you now ain't true to find the zenfinite sound and  
a  
The revolution poppin off right now  
I make you rase your fist, raisin up right  
Raise your fist that busted the flag like blahhh  
The f\*\*k boy nigga's trying ta keep it on the hush  
But Black Thought spittin cause the people want a rush  
your feel  
It's what the audience fiend fa this fix  
And KRUSH come wit the guillotine fa this mix lie...

Line for line, you gotta get it done  
Little at a time, Zen approach  
Gradually, I'ma get mine  
Black Thought from the legendary 5th don

Yo, I got the renaissance, turn of the century  
Choked + I'ma do the people right  
If y'all gimme the vote  
Finna ride, hang em high  
KRUSH, gimmie the rope  
See all them porcelain chin  
Niggas gettin em broke  
One at a time, na let's focus on who the don  
When your blade's sharp as mine  
People want you to rhyme  
They want you ta spill  
Fa me ain't nuttin for real  
Me and my man runnin Japan  
We're tough on the wheel  
He blow ya mind like bustin the steel  
I give the crowd something ta feel  
The sound got the power to heal  
It's like the Green Mile, now I need an hour to chill  
A 1/4 of a kill ta burn while patrillin the field  
I'm puttin rappers out cold  
I done rap from Tokyo to the North Pole  
Whenever my man program the passcode  
Drummers se the 5th  
And yo, KRUSH come wit a gullotine fa this mix, like...

Line for line, you gotta get it done  
Little at a time, Zen approach  
Gradually, I'ma get mine  
Black Thought from the legendary 5th don
