Where, oh, where does the water come from the
mountain
Come from the sea
Search between the ankles, rocks in the rivers
Bring them to me

Where, oh, where does the fire keep all the fever
More then I need
Sadness turns up to gladness when everythings
burning
You know what I mean

Get into the car to make the light to go faster
Go slow to make the light
Don't take shit, crucify it, to breath in, to breath out, to
kick a habit
Give it all you've got to do it right, to get it wrong
To get it high, to start another day like yesterday
To start another day like yesterday

Why, oh, why do the birds do all the flying
It could be me
Taking everything silent, the weather is warmer
Good place to be

Why, oh, why do the bees need a bee keeper
Let them alone
Taking all of their honey isn't it greedy
Living them warm

Get into the car to make the light to go faster
Go slow to make the light
Don't take shit, crucify it, to breath in, to breath out, to
kick a habit
Give it all you've got to do it right, to get it wrong
To get it high, to start another day like yesterday
To start another day like yesterday

Where, oh, where, why oh, why oh, why, where oh,
where
Why, oh, why, oh, where oh, where oh, why oh, why oh,
why

Where oh, where, why oh, why

Get into the car to make the light to go faster

Go slow to make the light

Don't take shit, crucify it, to breath in, to breath out, to
kick a habit

Give it all you've got to do it right, to get it wrong

To get it high, to start another day like yesterday

To start another day like yesterday, why, oh, why
