Out on the street
You don't survive by being beat
Now is the time
Time for you to realize
No-one can do
The things we do to make you move
Now is the time
Time for you to come alive
(X2)

Oochy goochy with a koochy-coo
Hello there pretty darling how are you? YEAH!
You look nice and you look ready
Definitely can't knock your body, HUH!
T'isn't what it used to be
Rudeboy the DJ with the melody, KUMON!
T'isn't what it used to be,
Rudeboy DJ, no diggedy

I will jump on the mic sensational Sending the message international There is something for the ladies so get down And the guys around town To ruck round HERE-WE-GO-AGAIN! I like the mix and the blend Got to set the trend as we drink and spend Right through the weekend Run go tell our friend how we comprehend We tear down the place and then Make a noise if you want that come again Cos you can't get down unless your like them Out to the ladies and gentlemen Just keep dancing 'til I say when True me nah go say well you might as well **KEEP DANCING** 

Ain't no stopping us (No stopping) No-one does it better (X4)
