i cant live
without you

its my fault
im sorry
i can my whole world changing cos of you
up side down, i'm lonely
should of known better than to sleep with your best
friend
come back here give me one more try

i can see my whole world changing
theres no need to live if i cant be with you
what i did was wrong im sorry
didnt know how much i really missed you(x2)

last night i made a big mistake
now im sittin here in my room like brandy
taking time to contemplate
how ive been such a fool lately
girl i no i messed up
by sleeping with your best friend
girl i know i abused your love
but please dont let this end

i can see my whole world changing
theres no need to live if i cant be with you
what i did was wrong im sorry
didnt know how much i really missed you(x2)

lately, we just fuss and fight
been arguein bout everything
that drove me to creep at night
round to your best friends, best friends
she helped me It will be alright
dont no what came over me
she touched me and turned out the lights

but it didnt mean a thing to me

I cant live

without you
i know i did you wrong girl
no i did the wrong thing
its my fault
im sorry
i can see my whole world changing cos of you its
up side down, i'm lonely
should of known better than to sleep with your best
friend
come back here give me one more try if your hearing
me sing it for me one more time

say it again
Say it again
I'm sorry

I know it's hard to understand
Everybody makes mistakes
So come back here
Baby give me one more try
Sing it for me one last time

i can see my whole world changing
theres no need to live if i cant be with you
what i did was wrong im sorry
didnt know how much i really missed you(x2)

i can see my whole world changing
theres no need to live if i cant be with you
what i did was wrong im sorry
didnt know how much i really missed you(x2)
