Baby I know that you're tired of me  
Leaving town on you  
(For every traveling man)  
Wishing that I didn't have to go (and woman)  
Do the things I do  
I'll be home in the morning and  
I'll spend some time with you  
But I gotta go now  
But I gotta go now

I know at times you may wonder  
What have I signed up for  
A romance with an invisible man on tour?  
My baby just got home now he's leaving again  
Every time I pack my bags  
You go from lip poked out to you need any help  
Did you remember such and such when I leave out for  
the bus  
I'm like dag man how can she be so understanding  
Got you man feeling like a champion  
Your smile still takes my breath away  
Your love keeps me tender so I don't go astray  
Your voice is therapeutic when I'm thinking of  
breaking  
I've got heaven right here on earth that's why I'm  
saying

I remember when we first started out  
Confusion from the past gave reason for doubt  
Always taking time to pray instead of running away  
Working through all my issues making you grab for the  
tissues  
I promise to bless you with whatever I can  
Bring you presents from the road cause I'm a  
traveling man  
Yet you remind me that it cannot substitute for when  
I'm next to you  
That's why this kid is en route  
Your smile - a reflection of the face of God  
Your love - strengthening when the game gets hard  
Your voice - speaks truth when I think I can't make it  
Sorry fellas, but the best one's taken

Someday I will make it up to you  
No more five in the morning  
I will be all yours  
You will be all mine  
Gotta go  
Gotta gotta go
