Chorus

Times like these make me wanna say
Lord if you see me please come by way
Leave bread crumbs when I stray
Such a sacrifice the price you paid
Feel me like finger tip oops, I slipped again
Folly that resulted in sin
Still my heart finds desires for you
Trying not to quench the fire by the things I do

Verse 1

I'm on an island by my lonesome, stranded
Low-key and stayin candid, reflect on all the things I
tried my hand at.
Search for the equations to persuasions I'm used to
Finding comfort in the zones of closet bones I get loose
to.
A mountainous fontaine, spinnin and monsoonin,
grinnin,
It's high-octane, explosive how I came.
Rollin down the hills, cuz life's a hassle
Encircled by my folly like a moat surround a castle,
stay afloat.
Catch a second-wind, thin is the air I breathe,
Teary-eyed, nose runnin, wipe the snot on my sleeve.
I'm callin on a Savior to be all that I need,
Please forgive me, my behavior had me lost at light
speed.

Chorus

Verse 2

Fear of never falling in love
And the tears after losing the feeling of what you
thought love was
Like the dirt swept up under the rug (my life be like)
Bad characteristics covered in Christ's blood
The joy of new birth and the pain of growing up
The best between giving my all and giving up

The highs and lows paths and roads I chose
In the cold I froze trying to ease my woes
In this world of sin clothes to thin to fend
So to God I send words of help to send words of help to
win
In drama so deep letters can never express
So the sounds of ooh aah beneath by breath projects

Chorus
