I don't know where I am  
I don't know this place  
Don't recognize anybody  
Just the same old empty face

See these people they lie  
And I don't know what to value anymore

There comes you to keep me safe from harm  
There comes you to take me in your arms  
Is it just a game?  
I don't know  
Is it just a game?  
I don't know

He denies to break my heart  
So hope's a guy coming  
But I know I must play my part  
My tears I must conceal

There comes you to keep me safe from harm  
There comes you to take me in your arms  
Is it just a game?  
I don't know  
To keep you safe from my heart

Take my hand and my heart races  
Flames illuminate our faces  
And we're on fire  
Blow a kiss to the crowd  
They're our only hope now

And now I know my place  
And now I know my place  
We're all just pieces in their games
