I send this message out
That's enough
I'm afraid of you
For the first time
And my body says
Not enough
I'm alone with you
For the last time

You're so soothing
Still I feel I got to run away with this love
I cannot give in
You're so soothing
Still I feel I got to take it all the way now
All the way down

Take a second now
Lay it straight
Gotta get it right
Or I'll lose you
And my temper sways
Near enough to be you
In and out of control
As I lose my grip

You're so soothing like rain
You're so soothing like rain

Feel this love slip away
I feel this love slip away

Feel this love
Feel this love slip away
I feel this love
I feel this love slip away
Feel this love
Feel this love slip away
I feel this love
I feel this love slip away

Feel this love slip away
Feel this love from the grave

I feel this love slip away
I feel this love from the grave

You're so soothing like rain
You're so soothing like rain
You're so soothing like rain
You're so soothing
