Gather your troops, we're going to war
I need an army to save you from yourself.
I've been blacklisted here, but I'm coming back this
winter.

Now I know I've got to give.
I'm a stranger beating heart and hand
I've been blacklisted here, but I'm coming back this
winter.

When you see rain,
Will you still say that you'll always be there,
Say that you'll always be there in the end,
When I come down.

Here as I wait, I'm getting bored.
You're the one thing tearing me apart.
I've been blacklisted here, but I'll be the last man
standing.
Now I know it's got to be,
You've got it all worked out in your head.
I've been blacklisted here, but I'll be the last man
standing.

When you see rain,
Will you still say that you'll always be there,
Say that you'll always be there in the end,
When I come down,
You got to lever it down.

Gather your troops, we're going to war
I need an army to save you from yourself.
I've been blacklisted here, but I'll be the last man
standing.

When you see rain,
Will you still say you've had enough of me,
Say that you'll always be there 'til the end,
When I come down.
You got to lever it now,
You're like a thorn in my eye,
So to you it's goodbye.
