I've been at the bottom, I've been living in hell
The highest of highs got me nothing but stares
Maybe with the lights out we can be bad

I'm licking my wounds, I've been resting my head
(So how were you to know?)
That I was the one who let the devil insist
(I think you ought to know)
Maybe with the lights out we can be bad
It started when your eyes rolled back in your head

See I ... can fool them all
With you there's no way ... I've got nothing at all

I strap up my boots then I kick in the door
(So how were you to know?)
I know what I've done but I'll be coming for more
(I think you ought to know)
Maybe with the lights out we can be bad
It started when your eyes rolled back in your head

Stay the hell away from me
'Cos I did you wrong, I'm begging you leave
'Cause I've seen it plenty - I know how this ends
It's nothing I want to see again, I'm begging you please

To let me go, free yourself.
The world you know is somewhere else

So I ... have seen it all
The rage in the bull, the white of his horns
And you know me better than I know myself
My greatest mistake was giving you up for nothing at
all
For nothing at all.
