To be my mistake,  
In my favourite place,  
As cold as your heart is,  
Here in the middle

Stay another day, Stay another day

Go back with the scene,  
Expose all I've seen  
There's no need to hide it,  
There's no new surprises

Stay another day, Stay another day

And you ruined me with the easiest touch  
Tear my world apart... now enough is enough  
I've been up most of the night  
Now my heads like a train wreck... one more time

Let's all assume... I'm going back  
And the truth (it is) I'm an unstable man  
There's no way to reason, no-ones on my side

And go back to the streets  
Of illusions and dreams  
When things were so honest  
Where we had our moments

Stay another day, Stay another day

And you ruined me with the easiest touch  
Tear my world apart... now enough is enough  
I've been up most of the night  
Now my heads like a train wreck... one more time

It's never as it seems,  
And this ain't gonna change  
What difference does it make  
To save your sanity

I've seen you on the street  
I still don't know your name

The shadows on the wall  
The pictures with the moving eyes...  
The ones who see it all  
The ones who keeping notes on you  
I see you when we fall  
When we meet our maker...

Return to the start  
Forget who we are  
It's here if you want it  
There's no second chances

Stay another day, Stay another day
