For arguments sake  
Let's say that we did  
Tell me, what would you want  
With just one wish?  
One a rocket ride tonight  
We could chase the stars  
Just you and I together  
Getting high

You take my breath away again  
You take my breath away again  
Oh

For arguments sake  
Let's say that we will  
Tell me, what would you give  
For just one kiss?  
Lost love will always say  
What you don't wanna hear  
But you and I together  
Sounds like bliss

You take my breath away again  
You take my breath away again  
You take my breath away again  
You take my breath away again

You take my breath, my breath, my breath, my breath,  
my breath, my breath, my breath, my breath, my  
breath, my breath, my breath, my breath

You take my breath  
You take my breath  
You take my breath  
You take my breath

For arguments sake  
Let's say that we did  
And at the end of our ride  
I promise this

It's the highs and lows that cause the rise and fall

But you and I get higher every time

You take my breath away again

You take my breath away again

You take my breath away again

You take my breath away

Oh
