Uhhh nigga ESGN baby
Assassinating souls ...soul assassin Nahmean?

F To The G, give a fuck if a nigga in the world hate me
Cause I whip that d, I'm bout to see how far the
muthafuckin' block take me,
Had a clean 83, candy black cadillac with the chrome
on bows
Hunnid pounds of the tree I just ride upon the plug, so
them hoes on hoes
Fly shit I distribute, what your wrist do there's no
dispute!
The younger riding in my backseat will shoot
Most of the niggas in my click got issues
D bag only face nigga skip school
Walk around the neighborhood with a big tool
The old folks say the boy hes a sick fool!
If I ain't eating out here, then I'm shitting
moves
Better know that nigga, put him in the ground, never
owe that nigga
Use my 9 I'mma cold ass nigga!
Weed in the the woods, I'm a roll that witcha
Niggas bout to run up in your house in the drought
Fools get they brains blown out for an ounce
Looking for some work nigga name the amount
Picture pulling weapons I'll be changing them out

Mgm, mgm, mgm, mgm, mgm, gm, gm, mgm
