Wikid, wikid, wikid, wikid, wikid
You won't stand up for something you ...or that you've
been
Giving you nothing, you fell like you never be ...

Dance like a star, dance like a star, we keep it loud
..., he's singing for you man,
Got a fight for your mind, your body and your soul
Wikid, wikid, wikid, wikid,
Rude boy, rude boy wikid wow
Girl, girl, girl, girl
Never say now, we are not late
Girl, girl, girl, girl
Rude boy, rude boy
To act coulder, get coulder ...
Get real older cause I can stand it
...
That's alright; close, close
Wikid, wikid, wikid, wikid, wikid
