Yeah! (2X)

Come Follow Me!

I got all systems going nothing standing in my way,
should be far down the
Road but I'm not.
Something's holding me back like a wild boar attack
and I got you by my
Side but you're not.

Do you remember when we thought there was no end?
A shooting star around the sky.
Do you remember when you were from heaven sent?
How far the wind could make me fly?

[Coro]
Angels crying, when you're far away from me.
Always trying, I will make you see.
Angels crying, when you're far away from me.
No denying, we were ment to be.

Yeah! (2X)

I tumbled from the sky where I was soaring so high. I
never thought that I
Could fall back down to the ground.
Somewhere along the ride I found we could stop the
tide. It's time fro me
To by another round.

[Coro]
Angels are crying.
When you are far away from me.
Angels are crying.
You know that we were meant to be.
Angels are crying.

Yeah!

I got all systems going nothing standing in my way I

should be far down the
Road but I'm not.
Something's holding me back like a wild boar attack
and I got you by my
Side but you're not.
