Now I lay me down to sleep
I pray that I'm the one you'll keep
Cause no-one loved you like I do
And in the middle of the night
I could be here I wish I might
I could be laying here with you

[chorus]
And although I know you well
I don't feel ashamed confessing this to you
Went through my mind when I lay me down to sleep
Everytime I dream I dream of you
Dreaming of the the day that we could do
Baby, won't you make my dreams come true
Everytime I dream, I dream of you

Last night i wish upon a star
To shina a light on where you are
And you appeared before my eyes
Somehow i saw you in my mind
On what i thought I'll never find
Just like an angel in the sky

[chorus]
And although I know you well
I don't feel ashamed confessing this to you
Went through my mind when I lay me down to sleep
Everytime I dream I dream of you
Dreaming of the the day that we could do
Baby, won't you make my dreams come true
Everytime I dream, I dream of you

Everytime I dream I dream of you
Dreaming of the the day that we could do
Baby, won't you make my dreams come true
Everytime I dream, I dream of you
