Heaven in your eyes

Escape to paradise
'Cause there is heaven in your eyes
We'll fly on angel's wings
Above the clouds and rainbows.
Escape to paradise
And I see heaven in your eyes
Your love will set me free
From now until eternity

I hear you calling
Calling out my name
In the moonlight shadow baby
You'll take away the pain
Let's stay together
Forever and always
We're on a journey
A million miles away

Escape to paradise
'Cause there is heaven in your eyes
We'll fly on angel's wings
Above the clouds and rainbows.
Escape to paradise
And I see heaven in your eyes
Your love will set me free
From now until eternity

I feel the magic
The magic of the night
In dreams of passion baby
We'll leave the world behind
Your heart is beating
beating next to mine
wrap your arms around me
until the end of time

Escape to paradise
'Cause there is heaven in your eyes
We'll fly on angel's wings

Above the clouds and rainbowings.
Escape to paradise
And I see heaven in your eyes
Your love will set me free
From now until eternity
