What do u think i am  
A part of your new game  
Play your part without me  
Im stronger than you'll ever know

Don't try to play me  
You'll never have the chance  
Let me out of your sick mind  
Never try to trick me  
With me your gonna lose  
Don't try to stop this game of luv

Take me away  
A million miles away from here  
Take me away  
Find a place for you and me  
Taking me higher  
High as i could be take me away away away  
Forever you and me

Do you really think i care  
Wake up if you dare  
I know the rules and how to play  
You lose i win so there

Don't try to play me  
You'll never have the chance  
Let me out of your sick mind  
Never try to trick me  
With me your gonna lose  
Don't try to stop this game of luv

Take me away  
Take me away

The rain won't fall on me again  
High escape from the hell i was living in  
My eyes wont be filled with tears anymore  
I'll be the one whose gonna win this game of luv

The tears i cried  
Kept them all inside

I needed time  
To make up my mind

Don't try to play me  
You'll never have the chance  
Let me out of your sick mind  
Never try to trick me  
With me your gonna lose  
Don't try to stop this game of luv

Don't try to play me  
You'll never have the chance  
Let me out of your sick mind  
Never try to trick me  
With me your gonna lose  
Don't try to stop this game of luv

Take me away  
A million miles away from here  
Take me away  
Find a place for you and me

Do u really think i care  
Wake up if you dare  
Who do you think i am  
You lose i win so there  
(so there x4)

Don't try to play me  
You'll never have the chance  
Let me out of your sick mind  
Never try to trick me  
With me your gonna lose  
Don't try to stop this game of luv

Don't try to play me  
You'll never have the chance  
Let me out of your sick mind  
Never try to trick me  
With me your gonna lose  
Don't try to stop this game of luv

Take me away  
You lose  
And i win  
So there
