feat. Drumma Boy

Put some money on the man, say it's him vs. me
Put your money on a stand, we throw down for the V
Put your money on the man, say it's him vs. me

Say it's him vs. me, say it's him vs. me
They don't want it, they don't want it
Say it's him vs. me
They don't want it, they don't want it
Say it's him vs. me
They don't want it, they don't want it
Say it's him vs. me
Say it's him vs. me, say it's him vs. me

Straight about the game say, I'mma hit you with that
missile
You can see me face to face say, I'mma knock you up
your game, say
The D Boy, the D- Boy, only champ, you know my name,
say
So ill repping than a male brain, they know a nigga like
me the sensei
So go put up that flake flopping, be copping that E
trapping
Wanna stretch out, meet Babel, recording live at '
Took my way in this gang and it took my way to this title
We hit the club and they whack, we roll it up and ignite
it, nigga
Mayweather, Mayweather, might as well gonna call me
Mayweather, Mayweather, might as well gonna call me
Undisputed, undefeated, pound for pound no inner
week
Hug the champ, you in the reach, sweat it down before
you breach

Put some money on the man, say it's him vs. me
Put your money on a stand, we throw down for the V
Put your money on the man, say it's him vs. me
Say it's him vs. me, say it's him vs. me
They don't want it, they don't want it

Say it's him vs. me
They don't want it, they don't want it
Say it's him vs. me
They don't want it, they don't want it
Say it's him vs. me
Say it's him vs. me, say it's him vs. me

Got with my purse and bitching about it on verse
And get that shit out of your purse 'cause nigga, we lurk
And taught me to watch out your word, and it will be
hears as a curse
This got him on nerve, it's only me in this herd
And shrimping those hoes to your curve and sipping a
drink
'Cause we on your block early and we busting with a
bourbon
Sniff this Tennessee, M-16 with me, shoot in front of
everybody, it's my public enemy
Bitch, don't play with me, it's a penalty, anything goes
When it comes to niggas ain't no sympathy for you
Hoes can't ride around with that banger
Keep winding that chain but these niggas know it, don't
give a fuck if he famous
Don't shoot stars like me, hoe, fuck niggas, talk like he
dangerous
Ask around to pour denim, bitch, she can put it on the
side like a manifest
Need your hating ass around like presidents

Put some money on the man, say it's him vs. me
Put your money on a stand, we throw down for the V
Put your money on the man, say it's him vs. me
Say it's him vs. me, say it's him vs. me
They don't want it, they don't want it
Say it's him vs. me
They don't want it, they don't want it
Say it's him vs. me
They don't want it, they don't want it
Say it's him vs. me
Say it's him vs. me, say it's him vs. me
