I ditched school today  
Bought a gun  
Gotta shoot with both hands,  
'cause it kicks back some  
I'll show those muthers who they're messin with  
Run for cover, I'll take no shit  
I won't be afraid of no one  
By the time I'm eleven I'll be a man  
Gonna fire off a weapon like those guys in movies can  
By the time I'm eleven  
I'll be cool like them  
Saw that Bruce Willis movie ,  
He's my Man  
Used an AK 47 like a magic wand  
All those bodies falling just like bowling pins  
Bullets flying, gets me psyched up  
Can't wait to get my hands on one  
By the time I'm eleven I'll be a man  
Gonna fire off a weapon like those guys in movies can  
By the time I'm eleven  
I'll be cool like them  
Cool like them  
Cool like them  
So cool like them  
I ditched school today  
Bought a gun
