(quik - talking)

Wow, for real though

We need something just a little bit different

Ya know, it's a whole lot goin on right now

But y'all can calm down though, y'all can

'cause we 'bout to change the game

Can you feel that?

If you really wanna change the game let me hear ya

say 'ohh yeah'

Haha, I just had to do that once

Ay, t-p-t style

Jumpin up outta the burb', park mode

And 18 inches from the curb

While I'm smellin them stanky stenchs from the herb

Red-eyed flight, and I'm lookin for my red-eyed homie

Black tone, 'cause I said I might

Just hafta pass through, and let 'em hear some shit

that's pretty fat

From spade ty to king tee, this is where it's at

Nigga, makin million dollar deals at a checker table

And my nephews gonna be the youngest niggas with a
record label

I'm the only nigga that promised to show up

With more talent than any nigga and I didn't wanna
blow up

I shine like glitter 'cause I'm natural

If on the first night I hit, then that's a hoe

And I gotta stay away

You can never by mine your nigga he got you on
layaway

Bitch, we 'bout to change the game

(hook - quik & james debarge)

Ha ha, feel me, as we change the game

(change the game)

One time, let me, just change the game

(change the game)

It ain't about ya money nigga change the game

(change the game)

(change the game)

(quik)
Can I get a rum and coke?
'cause the keith smoke made a nigga hum and choke
Blazed and dazed
Now put me on the stage and I'll change the game in
major ways
Gettin wild like a buckin horse
With enough momentum to change the whole
muthafuckin course
All I need nigga, is a crew and a point
And I'll make a statement only on a brew and a joint
No joke, 'cause growin up dirty, hungry and broke
Don't mean I gotta be dirty, hungry and broke
Dude I made a way out a no way, and y'all can too
'cause it's a whole lotta legal shit that y'all can do
And fuck the media, keep on steppin, yeah I said it
Where your pass at? who you know here? where you
headed?
Only show us when we doin bad
When we in the mud I brake that muthafuckin camera
Now fuck them niggas
We 'bout to change the game

(hook - quik & james debarge)
Hell yeah, let 'em know we finna change the game
(change the game)
Pardon me for bein mad but I'm changin the game
(change the game)
Yeah, and that's the real shit, changin the game
(change the game)

(change the game)
Can't touch it, learn a lesson nigga, change the game
(change the game)
Stop fuckin up the music nigga, change the game
(change the game)
Don't play with it nigga use it, change the game
(change the game)
Mausberg, my nigga help me change the game
(change the game)

(mausberg)

Sheppard lane, ? ? ? , dog we the realest
Hit the game wit a twist, now they label us the illest
More advanced than that wack nigga punchin a lex
After balance & option, i'ma show ya who's next
Ain't no room in the court for cowards who can't ride
Ate up the dick, left the balls on the side
'bout to take a trip to neptune, everybody wanna roll
If you ain't loyal to the camp, nigga hell no
We about to change the game in many ways
Dollar signs, attitudes, dog in a real way
Condos to sky scrapers with my name on it
Desk, big c-e-o, rider from the black tek
If it wasn't for dave, lookin out
Your nigga johnny, be on the corner lookin burnt out
That's what it pays to appreciate thangs
Put a nigga in position to change the whole game

(hook - mausberg & james debarge)

What, i'ma

(change the game)

Betcha' money i'ma

(change the game)

(change the game)

(change the game)
