Uh, to the top dog

Get 2getha Again
[AMG]
Everybody wanna know where we been, what we doin
Do we still like each other?
Bitch, we muthafuckin brothers
And it don't stop till the coochies drop
Bust a nut in a hoochie's eye
Now I know it's been around since you've heard from
us
Class of '91 now it's time for fun
It's too much drama, go ask ya mamas
While I'm in the silk pajamas
AMG the Don Won Hugh here for rap
Lookin for the ladies with big butts to slap
Everybody knows my name, knows my fame
Game recognize the one the lies
Those with the pretty eyes, pretty thighs
City to city call me worldwide
Back to with niggas cus it just don't stop
All suckas come an like the pop, chips, rock, trick
[Chorus](2x)
Said it's all, get 2getha
It's all right, get 2getha
All right, get 2getha

[Gangsta D]
Tha D baby got G-codes
Gots no time for no hookas with that floss mode
My niggas tell you how we like to do them yoyo
Up and down side to side like them low lows
You know, I know, these bitches can't crack us
Once met a trick that wa sittin by the jackas
Now she blowin on a flute sweatin on my mackas
Don't get it twisted trick we aint no slackas

The only stars high in the sky
And on chucks, you got that what, who, why, where,

Stragglas struggling, wannabe baby have a nut jugglin
