Hey, this song is dedicated for me and all my homeboys.

To the police, y'all gotta start us out.

Xzibit dun came im here and got a nigga high.

(Chorus)

now howcome y'all be messin with me  
when you find out that I'm a star? (howcome?)  
and just because I'm cool with y'all  
don't mean you can search my car. (1x)  
and if you don't wanna spend the day with me  
it ain't always gotta end with sex (yeah)  
she likes it that I'm always into finer things,  
and I can donut in an NSX.

(Verse 1)

aight, now first of all fall in  
cuz we gon talk about how we was ballin  
before most of y'all niggas crawled in.  
bitches callin  
tryin to get the dick of the Quikster  
cuz I was rich even before I could buy liquor.  
now this is thicker.  
although I came to the game with an explicit sticker  
it be the little kids acknowledgin that I'm the nigga.  
I'm sorta like a role model.  
they love me  
I ain't half-assed, pullin full throttle.  
now pass the bottle  
but hold up for me, pal  
could you make it a corona with Limon Esalle?  
and could you ??(send them in these on so we could  
show these down)??  
so all my little hispanic homies could pound-pound.  
this is underground-ground  
the new WS sound  
but I'm thinkin that y'all thinkin that we all just clown.  
but we gon take the crown back.  
cuz if the west be a movie, then this be the soundtrack,  
now

(Chorus)

now howcome y'all be messin with me  
when you find out that I'm a star? (howcome)  
and just because I'm cool with y'all  
don't mean you can search my car (1x)  
and if you don't wanna spend the day with me  
it ain't always gotta end with sex (cuz I don't want it)  
she likes it that I'm always into finer things  
and I can donut in an NSX

(Verse 2)

Hey, now peep my family  
left to right  
we expedite  
nice to you fuckers, then we next to fight.  
we get down, and get out.  
when you see them coming, cut the shit out.  
cuz they gon put us on the bench  
and make us sit out.  
so put a hit out  
on the authorities  
cuz they thinkin we don't know they got a sorority.  
fuck the who?  
I ain't sayin hit like in death  
I'm talkin hit records crackin  
when you bust that left  
outta Carson and Watts.  
South Central LA, back to your spot  
Compton niggas, we got the show shot

orgasmic beats that keep these hoes hot  
put your lips on my glass, you're doin a whole lot  
ball till you fall, nigga  
99 bottles, I'm buyin the whole wall.  
This is the role call, nigga  
all us fly niggas gon ball  
if you hatin, then we don't know y'all, nigga

(Chorus)

now howcome y'all be messin with me  
when you find out that I'm a star? (howcome?)  
and just because I'm cool with y'all  
don't mean you can search my car (1x)  
and if you don't wanna spend the day with me  
it ain't always gotta end with sex (cuz I don't want it)  
she likes it that I'm always into finer things  
and I could donut in an NSX

(Verse 3)

uh, but it's a whole new lineup  
Will and Skaboo  
comin through with the brew

cuz KA drunk the wine up  
five in the mornin  
and the phone's still ringin  
it's been a nine year party  
ever since I started singin tonight  
but it's a whole lot betta.  
it ain't no jealousy, no snitches, or no feda'  
I'm gittin drunk  
I'm sayin fuck it with my friends  
and I'm spoiled cuz my muthafuckin bucket is a Benz  
and I'm lookin for my niggga X  
with the hydroponic, bubonic, bionic  
chase it with some gin 'n' tonic  
now who got the balls enough to hit that bong  
and straight pass out cuz the shit that strong?  
but the 1's gotta leave us alone  
cuz we aint' doin wrong  
I'm the music  
and Black Tone's the backbone  
got your daughter back grown  
ebony and ivory, baby  
the little white girl  
little black songs, get on

(Chorus)

now howcome y'all ne messin with me  
when you find out that I'm a star? (howcome)  
and just because I'm cool wth y'all  
don't mean you can search my car (1x)  
and if you don't wanna spend the day with me  
it ain't always gotta end with sex  
(we could ball till we fall that's all)  
she likes it that I'm always into finer things  
and I could donut in an NSX (I like it too)  
now howcome y'all be messin with me  
when you find out that I'm a star? (howcome?)  
and just because I'm cool with y'all  
don't mean you can search my car (I'm platinum)  
and if you don't wanna spend the day with me  
it ain't always gotta end with sex (1x)  
she only likes me cuz I'm into finer things  
and I could donut in an NSX
