I was walking alone
Its the strangest of days
The sun in my face
Life
Oh I was tired of the run
And when my time comes
Still I wanna feel the sun
Its life

Still I wanna feel the sun

Say maybe this time
Maybe it's time to live your life today
Hey maybe in life
We need to try
To live it for today

Still I wanna feel the sun

Say maybe it's time
Maybe it's time
To live your life today
Hey maybe in life
We need to try
To live it for today

Still I wanna feel the sun
Sun in my face

Sun in my face x8
Sun in my face
Sun in my face
Sun in my face
