You held my hand and then you slipped away  
And I may never see your face again  
So tell me how to fill the emptiness inside  
Without love  
What is life

Anyone who knew us both could see  
You always were the better part of me  
I never wanted to be this free  
With all this pain  
Does it go away?

And everytime I turn around  
And your nowhere to be found

I know  
Ive got a long long way to go  
Before I can say goodbye to you  
Ive got a long long way I know  
Before I can say goodbye  
To all I ever knew  
To you

From memory there is no hiding place  
Turn on the TV and I see you there  
In every crowd there's always someone with your face  
Everywhere, trying not to care

And everytime I turn around  
And your nowhere to be found

I know  
Ive got a long long way to go  
Before I can say goodbye to you  
Ive got a long long way I know  
Before I can say goodbye  
To all I ever knew  
To you

To you, I wish you everything  
And all the best that life can bring

I only hope that you think of me sometimes  
And even though I feel the pain  
I know that I will love again  
The time will come  
And I'll move on
