(your beats are at the office, sir)

Sit upstairs in the leather chair
You talk to people and pretend to care
It's no good working for the company
When resisting power comes naturally cos
There's one thing I know for
One thing I know for sure and that's you
There's one thing I know for
One thing I know for sure
I got that feeling I don't want to be a...

High-fly, no mind (your beats are at the office, sir)
Look right, skin tight (your beats are at the office, sir)
High, dry, tough guy (your beats are at the office, sir)
White line feels fine (your beats are at the office, sir)

Don't want responsibility
Just ask that girl sitting next to me
She works alone where nobody's near
And she's making music like you'd never hear cos
There's one thing I know for
One thing I know for sure and that's you
There's one thing I know for
One thing I know for sure
I got that feeling I don't want to be a...

High-fly, no mind (your beats are at the office, sir)
Look right, skin tight (your beats are at the office, sir)
High, dry, tough guy (your beats are at the office, sir)
White line feels fine (your beats are at the office, sir)

Programming is my one outlet
It beats the sickness in my chest
I have these beats inside my head
Back to the office block instead

High-fly, no mind (your beats are at the office, sir)
Look right, skin tight (your beats are at the office, sir)
High, dry, tough guy (your beats are at the office, sir)
White line feels fine (your beats are at the office, sir)
