She's got a mind of her own
Not fake like the rest
Doesn't care what they say
She's past the test
Keeps me smiling all day
And I don't care
Coz I now she,s mine
In my own head

Wanna see her, wanna be her, don't go near her
She,s my heroine (x2)

Got a smashing smile
But you can't have her
You can look but don't touch
Her cute little curls
She not skinny but proud
She'd pose in the nude
She is her own self
Like every one should

Wanna see her, wanna be her, don,t go near her
She's my heroine (x2)

Got her pictures on my wall
And I nearly got them all (x2)

Wanna see her, wanna be her, don't go near her
She's my heroine
