Don't you lay your eyes on me,
are you trying to seduce me.
Everywhere I see your face,
even when I take the wrong plane.

I look away.

Still I can't avoid your gaze,
makes me nervous, makes me tremble.
Chew a menthol just in case,
something happens on the runway.

(refrain)

Turn around; hit the ground,
Sending a tsunami through my system
Lift me up, let me drown,
Everybody knows I can't resist him.
You know you're breaking down my system.

I'm trying but I can't see straight.
Feel a rush of blood inside me.
Pull me close, I'll push you away.
It's the tension that excites me.

I'm swept away,
Everyday,
I float astray

(refrain)

Turn around; hit the ground,
Sending a tsunami through my system
Lift me up, let me drown,
Everybody knows I can't resist him.
You know you're breaking down my system.

Turn around, hit the ground,
Lift me up and let me drown
Pull me close, push away,
Hit me like a tidal wave.

(refrain)

Turn around; hit the ground,
Sending a tsunami through my system
Lift me up, let me drown,
Everybody knows I can't resist him.
You know you're breaking down my system.
You know I'm breaking down.
