Here I am
Starting over
Once again
I lost my place
The edges frayed
The story ended
And it's still so hard to face

I wanna cry on your shoulder
But I'll smile and try to find my way

Seasons come and go
Nothing lasts forever
We're all on borrowed time
And love's not set in stone
But life is now or never
You and I can make the world our own

So here we are
Pushing forward
Pulled apart
And turned around
The ties untied
The world wide open
The ever-after here and now

I wanna cry on your shoulder
But I'll smile
I know I'll be okay

Seasons come and go
Nothing lasts forever
We're all on borrowed time
And love's not set in stone
But life is now or never
You and I can make the world our own

Now is our time to shine
Now is our time to stand up tall
We can have it all
All the stars realigned
Every ending turned around

Cuz it's our time
Starting now
