

## Dj Shah "Sunday Morning"

Visit "[Sunday Morning](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Last night an angel passed my way  
He looked at me and walked away  
I tried to reach his candlelight  
That brightens up the darkest night

Lift me, oh lift me way up high  
We'll write our names across the sky  
And on the wings of our...  
We'll fly into eternity  
In the sunday morning

CHORUS:

In the sunday morning light  
Shivers up and down my spine  
Life is running through my veins  
And I'm free from all my chains  
In the sunday morning light  
Shivers up and down my spine  
Life is running through my veins  
And I'm free from all my chains

("Sunday Morning" one or more times depending on mix)

(Chorus multiple times depending on mix)
