"Break My Fall"

We enter the room
You're bright the darkness my love
In moments with you
There is no end to me or beginning to you

We move to the floor
A purpose combined my love
Like the motions of stars
Our dynamic symmetry combines

Break my fall
I found what was missing inside you
Break my fall
Na na na na na na na
Break my fall
I found what is missing inside you
Break my fall
Na na na na na na na

Always with you

Connected by blood my love
A purpose fulfilled
You're my light in this dark, dark world

This unspoken within
I feel complete my love
The moments apart
I'm craving your light in the dark

Break my fall
I found what is missing inside you
Break my fall
Na na na na na na na
Break my fall
I found what is missing inside you
Break my fall
Na na na na na na na
