As darkness comes you sleep alone
I watch the one I've always known
Turn in the coldness of your mind
And light the focus of your smile

Da da dum, da da dum, da da dum, on a summer-
breeze
Somehow seeking, softly into you
Da da dum, da da dum, da da dum, in a whispering
Always there, no matter what you do

I can't stop falling where my heart comes calling
Do you feel me
Warming you like rays of sunshine
I can't stop falling where my heart comes calling
Do you feel me
Warming you like rays of golden light

Summer-breeze
Whispering, whispering
Summer-breeze
Whispering

These shadows had your deepest fears
If only you knew I was here
You're safe and sound beneath my gaze
You have no need to be afraid

(I love you)

I can't stop falling where my heart comes calling
Do you feel me
Warming you like ray of sunshine
I can't stop falling where my heart comes calling
Do you feel me
Warming you like rays of golden light

Da da dum, da da dum, da da dum, on a summer-
breeze
Somehow seeking, softly into you
Da da dum, da da dum, da da dum, in a whispering
Always there, no matter what you do
