[Verse 1:]

I don't wanna tonight
I don't wanna be cruel
I don't wanna deny
Failure is my favorite thing

Take me to the bar
Drink up to sorrow
Sorrow for break up
Borrow who you are

[Pre-Chorus 1:]

Indeseccion is annoying not
As annoying as
Your sharp tounge

[Pre-Chorus 2:]

Pierce my lips
Don't shred me down to strips
You're way too good at it
You're way too good at it

[Chorus :]

Escape me
Escape me
Bottles under tires
Forget about friends

Escape me
Escape me
Black out tendencies
Forget about the future

Oh~x4

[Verse 2:]

Back at the bar
Drunk on my sorrow
From another break up
Forgetting who you were

[Pre-Chorus 1:]

Indeseccion is annoying not

As annoying as
Your sharp tounge

[Chorus :]
Escape me
Escape me
Bottles under tires
Forget about friends

Escape me
Escape me
Black out tendencies
Forget about the future

Oh~x3

Pretty things, oh~
Pretty things, oh~
Everything, oh~
Pretty things

[Pre-Chorus 2:]
Pierce my lips
Don't shread me down to strips
You're way too good at it
You're way too good at it

[Chorus :]
Escape me
Escape me
Bottles under tires
Forget about friends

Escape me
Escape me
Black out tendencies
Forget about the future
