I don't know, what went wrong
If I did, would it matter cause
It just wasn't enough
You know when the moment comes
To be strong, show resistance
And that's what
Will lead you to believe

When the big world falls apart
And you think that the feeling will linger
You need somewhere to start
I will be here
And when it all seems to fall apart
You can't breathe
You don't know what you're thinking
You need somewhere to start
I will be here

Yes when things didn't work out
It will soon disappear and will be miles away
Away from here
You don't mind if life's not that pretty
It will soon disappear and be miles away
Away from here

When the big world falls apart
And you think that the feeling will linger
You need somewhere to start
I will be here

And when it all seems to fall apart
You can't breathe
You don't know what you're thinking
You need somewhere to start
I will be here

Oh oh oh oh oh
I will be here, I will be here
Oh oh oh oh oh
I will be here, I will be here

You know when the moment comes

To be strong, show resistance
And that's what
Will lead you to believe

When the big world falls apart
And you think that the feeling will linger
You need somewhere to start
I will be here
And when it all seems to fall apart
You can't breathe
You don't know what you're thinking
You need somewhere to start
I will be here, I will be here
