Come to the sky through the ice rain
things are never gonna be the same
nothing to lose other than the pain
hold up ur hands for the ice rain
ahhhhhhhhhh
ahhhhhhhhhh

Look up to the sky through the ice rain
things are never gonna be the same

Nothing to lose everything is pain
hold up ur hands to the ice rain

look up to the sky through the ice rain
things are never gonna be the same

nothing to lose everything is pain
hold up ur hands for the ice rain

ahhhhhhhhhh
ahhhhhhhhhh

look up to the sky through the ice rain
things are never gonna be the same

nothing to lose everything is pain
hold up ur hands for the ice rain
