You can travel the world
But you can't run away
From the person you are in your heart
You can be who you want to be
Make us believe in you
Keep all your light in the dark

If you're searching for truth
You must look in the mirror
And make sense of what you can see

Just be
Just be

They say learning to love yourself
Is the first step that you take
When you want to be real
Flying on planes to exotic
Locations wont teach you
How you really feel

Face up to the fact
That you are who you are
Nothing can change that belief

Just be
Just be

'Cause now I know
It's not so far to were I go
The hardest part its inside me
I need to just be, just be

Just, just, just be
Just, just, just be
Just, just, just be

I was lost and I'm still lost
But I feel so much better

'Cause now I know
It's not so far to were I go

The hardest part it's inside me
I need to just be, just be
