Wish i was a better man
wish i had a better plan for dealing
with this
what am i
what am i to do now?

maybe i should runaway
maybe i could runaway and never
be found
what am i
what am i to do?

i had this dream the other night
i had this crazy dream the other night
how have i
how have i arrived here

UR -
my love and my life
my heart and my soul
just trying to keep the world from
smashing, crashing in
(repeat)

but what about us?
what about all the plans that we made?
what about all those careful plans we made?
ah, but nothing's clear
full of fear, full of hope,
full of UR -

UR -
my love and my life
my heart and my soul
just trying to keep the world from
smashing, crashing in
(repeat)
