Wish i was a better man  
wish i had a better plan for dealing  
with this  
what am i  
what am i to do now?

maybe i should runaway  
maybe i could runaway and never  
be found  
what am i  
what am i to do?

i had this dream the other night  
i had this crazy dream the other night  
how have i  
how have i arrived here

UR -  
my love and my life  
my heart and my soul

just trying to keep the world from  
smashing, crashing in  
(repeat)

but what about us?  
what about all the plans that we made?  
what about all those careful plans we made?  
ah, but nothing's clear  
full of fear, full of hope,  
full of UR -

UR -  
my love and my life  
my heart and my soul  
just trying to keep the world from  
smashing, crashing in  
(repeat)
