I see you and you see me  
Theres only one thing this could be  
I think you know just what I mean  
When I am with you I feel so free

So free.

And I love you..  
And I hope you love me..  
And I need you..  
And I hope you need me too..  
Babe , I just hope that you know to never let me go  
Cause when it comes to forever  
We should be together.

Babe , I just hope that you know to never let me go  
Cause when it comes to forever  
We should be together.

Together.

When we rock the whole world stops.  
The music's loud tempeture drops ,  
It seems like everyone are dancing to our beat  
Look around I know you'll see.

You'll see.

So free.  
You'll see.

And I love you..  
And I hope you love me..  
And I need you..  
And I hope you need me too..  
Babe , I just hope that you know to never let me go  
Cause when it comes to forever  
We should be together.

Babe , I just hope that you know to never let me go  
Cause when it comes to forever

We should be together.

Together.
