Chase faded days
With eyes that cannot see
I wanna feel it again
Washing over me

Discover all of you
One moment at a time
Taste, smell, secret cell
Your soul, it touches mine

I need to feel up
Hope knows, I need it this way
Like I'm walking on clouds
I can't come down

Even if you wanted me to
I can't come down
Even if you wanted me to

Nothing can stop me
I'm never satisfied
I take what I want
Refuse to be denied

Live in the moment
The future can disguise
It's starting to touch us
But I still can't touch the sky

I need to feel it up
Hope knows, I need it this way
Like I'm walking on clouds
I can't come down

Even if you wanted me to
I can't come down
Even if you wanted me to
I can't come down
