Let me go... [x12]

Girl I never thought that you would be my ex
What we had was so so deeper then sex
And I threw it all away for just one night
From the streets to the sheets
Damn, why the hell I cheat?
Because of me, your favourite song is "To The Left"
I want you back but I know there's nothing left
And girl I swear it's like you haunting me inside
I'm doing everything I can to get you off my mind

I'm doing everything I can to shake you
Still see your face when I know you ain't there
You're like a ghost, you haunt me like a ghost
Ghost, you haunt me like a ghost
All I wanna do is.. I wanna move on but I gotta get my
mind off you
But if you still in love, tell me why's it so hard to do?
You're like a ghost, you haunt me like a ghost
Ghost, you haunt me like a ghost

Girl I never ever wanted to...
imagine my life without you
Tell me why did I have to be such a fool
When you play with love, you gonna lose
Now wherever I go, it feels like you're there with me
Even when I'm with her, it's your face I see
And all I wanna do is get you off my mind girl
Wish I could go back in time and make everything
right, but...

I'm going everything I can to shake you
Still see your face when I know you ain't there (you ain't
there)
You're like a ghost, you haunt me like a ghost (yeah
babe)
Ghost, you haunt me like a ghost (leave me alone)
All I wanna go is.. I wanna move on but I gotta get my
mind off you (gotta get over you babe)
But if you still in love, tell me why's it so hard to go
(noooo)

You're like a ghost, you haunt me like a ghost (ghost
yeahhhh)
Ghost, (ghost yeahhhh) you haunt me like a ghost
Let me play it for you baby

Oooooohhhhh...

Let me go... [x13]

I'm going everything I can to shake you
Still see your face when I know you ain't there
You're like a ghost, you haunt me like a ghost
Ghost, you haunt me like a...
All I wanna do is.. I wanna move on but I gotta get my
mind off you
but if you still in love, tell me why's it so hard to do?
(why is it so hard to do?)
You're like a ghost, you haunt me like a ghost (Ooohhh)
(Ooohh) Ghost, you haunt me like a ghost, you haunt
like a ghost, you haunt me like a ghost
You haunt me like a ghost

Ghost... [x4] (all I wanna do is get over you baby)
Ghost... [x3] (stop haunting me baby)
Ghost... [x7] (wish I could go back but I can't... can't get
you off my mind... oh... oh baby)

Gotta get
Gotta get over you... [x6]
