She tell you everything

She's your number one fan

Always hold your hand

Let em touch your man

Girl, cause that's your Bff

That's your Bff

She always keep it real

Always got your back

Them other phony chickens they talk behind your back

But not your Bff

That's your Bff

She even lie to your man

She don't ever snitch

If a chick talk slick

She'll slap a chick
Cause that's your Bff
That's your Bff

She always show you LOVE
She don't never HATE
On your B-day
Cause that's your Bff
That's your Bff

Shorty that's your best friend
Always got you back forever shes ready to ride
Shorty that's your best friend
Through any situation anywhere that she by your side
