

Djon "Move It"

Visit "[Move It](#)" on MotoLyrics.com

Let your body
Flow with the music
Let your soul
Find its freedom

Let your body
Loosen up
Shake it down, shake it baby
Shake it down tight to the rhythm

Move it
Move it
Move it baby
Groove it
Groove it
Groove it, baby

Oh, I like it
No, I can't deny it
Oh, I like the way you move
Wild and free

I can see the sky
Tumbling down
I can feel the ground
Going around and around.

Move it.
Groove.

Oh. Hold me baby
Oh. Hold me baby

Move your body to the music, move it
Groove your body to the music, groove it
