sitting out there
under the starlit sky
watching life go by
and I wonder how
lucky you and I
must have been last night

lying out there
under the starlit sky
making love all night
baby it felt so right
holding you so tight
into morning light

every shooting star
another life was gone
a mystery I can't explain
every falling star
in my head a call
St Mary, St Mary Magdalene

seeing you out there
under the magic sky
star light on your hair
and I thank the sky
baby you were mine
all mine last night
last night and forever

baby I swear
heaven did send you down
you make me complete
you make me so happy
I just wonder why,
why do people dye
why do we say goodbye
cause I love you eternally

every shooting star
another life is gone
a mystery I can't explain
every falling star

in my head a call
St Mary, St Mary Magdalene

St Mary Magdalene oh, no
St Mary Magdalene

St Mary Magdalene
St Mary Magdalene
hey baby
St Mary Magdalene
do you, do you see
St Mary Magdalene
do you see my star falling
St Mary Magdalene
do you
St Mary Magdalene
sing, sing with me baby
St Mary Magdalene
do you, do you my star
St Mary Magdalene
oh, no
St Mary Magdalene
Saint, Saint
St Mary Magdalene
St Mary Magdalene
