When I was younger,  
The days all seemed to last  
So much longer.  
But that was once upon a time.

There was no one to remind us  
A shadow waits behind us,  
To steal our breath away.

[Chorus:]  
In this moment,  
We pretend we're all that matters.  
We're endless.  
Do you think this is forever?

Pretending,  
Believing that we're safe here.  
This moment is endless.

You run from your shadow  
And wait here in the dark  
For tomorrow as the days turn into night.

When you're looking in the mirror,  
You can't ignore your fear  
There's nothing on the other side.

[Chorus x2:]
