Look up the way we're living  
Rigging onto wall the anonymous smile  
I can never wait to see  
What is this smile about

For dust and smoke to breathe in  
We're giving us to all with pride inside  
In focused way of leaving  
Sloping steps behind  
We call to

Life won't let you near  
Won't let survive  
Compress your fear  
Let me open up your mind  
You're lost in memories  
Blaming anonymous cries  
My hand's in touch I'm here  
Just open up your eyes

This time  
Is this your fault we're keeping

Digging up to reign inconceivable crime  
You keep us all from feeling  
Lost in hopeless cries  
To call to

Life won't let you near  
Won't let survive  
Compress your fear  
Let me open up your mind  
You're lost in memories  
Blaming anonymous cries  
My hand's in touch I'm here  
Just let me in your life

Just let it be enough to live it  
Make me feel enough to try  
I will stand the rust we live in  
For an anonymous life

Just let me be the one to live it  
Make it feel enough to try  
I will stand the rust for freedom  
For an anonymous life
