*[DMX]*

Uh.....This should go out to my dawg Kato....rest in  
piece baby....he's the kingpin

*[Chorus DMX]*

Dawgs that i called my friends  
Praying for all my friends  
Things i do for my friends  
We miss you, A'Yo! Kato!

*[Verse 1]*

Started of two dawgs wit the same goals  
Nuttin but two dawgs walkin the same road  
Two different cultures, but had the same heart  
Enjoyed seein the light, but lived in the dark  
5th album bumped heads in the parking alot  
Was a pride brother, didnt like to bark alot  
Came correct, when he came, he gained respect  
So i gave respect, we shared the same respect  
Two names in wreck now on the circles  
Two brothers with good heart, but if you start, two  
brothers that will hurt you  
You know how that dirt, hittin four corners  
Earh! Earh! Earh! Earh!, right back upon us  
God tried to warn us but sometimes we dont see  
When i first heard im like "this cant be, yall niggaz is  
buggin  
Got the wrong information or suttin, please tell me that  
these niggaz is frontin  
God No"

*[Chorus DMX (Magic)]*

Dawgs that i called my friends  
Praying for all my friends  
Things i do for my friends  
We miss you,(We miss) A'Yo! (you) Kato! (Kato)

Dawgs that i called my friends  
(We Miss) Praying (You) for (Kato) all my friends  
Things I do for my friends  
We miss you,(We miss) A'Yo! (you) Kato! (Kato)

*[Verse 2]*

If its ok, let me kick it wit you for a minute  
There left unsaid dawg we wasnt finished  
Never got to say thank you for bein a friend  
Dawgs! for Life! and you, will role to the end  
Held dawg down didnt let a day go by  
Everytime dawg came to the shy (what!)  
I was good, trips out to Phoenix with the scrambling  
squad  
If i come back to Phoenix im like, damn its hard  
To accept the fact (Uh), that you wont be comin back  
(Uh)  
But i hope your comin back (Uh), cause i wont accept  
the fact (Uuhh!)  
When you came to New York, You had to come to the  
crib  
And vise-versa (Yeah!), thats just how we did  
Remote-contol cars (What!), we would race all day  
It was adventure, we would chase all day (Yeah!)  
So im not gon say good-bye ma nigga (uh uh)  
Instead i would rather (Rather) focus on the time we  
spent together  
Thats what matters (for real)

*[Chorus DMX (Magic)]*

Dawgs that i called my friends  
Praying for all my friends  
Things i do for my friends  
We miss you,(We miss) A'Yo! (you) Kato! (Kato)  
Dawgs that i called my friends  
(We Miss) Praying (You) for (Kato) all my friends  
Things I do for my friends  
We miss you,(We miss) Kato! (you) Kato! (Kato)

*[Verse1]*

I need you to save me a spot next to you and the Lord  
(Aight)  
I dont know when im comin but keep checkin the door  
(Aight)  
But while im here, knock on wood  
I'll make sure your kids remember who they farther was  
and Val is good (aight!)  
Understood how real niggaz move, we dont talk (We

dont talk)  
But you gon' always have family in New York, believe  
that (Yeah)  
Where you at you can see that  
We dawgs for life and in death and i mean that, Vato

*[Chorus DMX (Magic)]*

Dawgs that i called my friends  
Praying for all my friends  
Things i do for my friends  
We miss you,(We miss) A'Yo! (you) Kato! (Kato)  
Dawgs that i called my friends  
(We Miss) Praying (You) for (Kato) all my friends  
Things I do for my friends  
We miss you,(We miss) Kato! (you) Kato! (Kato)
