Let's get it on  
We don't give a what, what?  
We don't give a what what?

Get it on the floor  
Get it, get it on the floor  
(What?)  
Get it on the floor  
Get it, get it on the floor  
(What?)  
You don't wanna party when your ass gotta go  
(What?)  
You don't wanna party when your ass gotta go

Now you can ride to this motherfucker  
Bounce to this motherfucker  
Freak to this motherfucker  
(Let's get it on)

Get it on the floor  
Get it, get it on the floor  
(What?)  
Get it on the floor  
Get it, get it on the floor  
(What?)

Once again it's the darker nigga  
Hit or spark a nigga, break apart a nigga  
But the dog is bigger, under stress  
So unless you wanna get blessed to the chest  
These slugs from his liver rest rest

Or the pump'll put a hurt on a nigga  
Dumb sex, motherfucker feeding dirt on a nigga  
My hands stay dirty 'cause I play dirty the mob way  
You don't know? Fuck it find out the hard way

A nigga's job is never done  
I handle my business how it come  
And there's never been a one on one  
Nor has there been a problem, I dissolve them

I'm like salt, lock it up  
Hate to fall but never wreck his car  
And it's my fault, keep niggaz on point ducking down  
Niggaz like you need to get bust you fucking clown  
I extort to support my peeps and hold down the fort  
Never get caught 'cause I creeps nigga

Get it on the floor  
Get it, get it on the floor  
(What?)  
Get it on the floor  
Get it, get it on the floor  
(What?)  
You don't wanna party when your ass gotta go  
(What?)  
You don't wanna party when your ass gotta go

And you can ride to this motherfucker  
Bounce to this motherfucker  
Freak to this motherfucker  
(Let's get it on)

Get it on the floor  
Get it, get it on the floor  
(What?)  
Get it on the floor  
Get it, get it on the floor

I'm at the crossroads, look but I'm not really sure which  
way to go  
Should I play that low for what I did the other day  
They on their way to float, got me striking this random  
I can't stand 'em, fake ass niggaz want to be the  
Phantom

Looking over my shoulder 'cause it's colder  
Than what I thought shorty because I'm a little older  
than 'cuz  
And the buzz from the saw, wit the chain to your brain  
Will turn that big nigga to a fucking stain

That pain from the dirt makes the hurt go away for a  
minute  
But I'm gon die by it 'cause I'm like knee deep in it  
And you motherfuckers wonder why I start shit  
'Cause when you look in my face you see that hard shit

'Cause I done been to hell and back I ain't wit selling  
crack  
I'd rather rob a nigga, leave him wit a shell up in his  
back

On the real just to show proof, hit the G.W.B.  
And blow the whole roof off the toll booth, bitch ass  
nigga

Get it on the floor  
Get it, get it on the floor  
(What?)  
Get it on the floor  
Get it, get it on the floor  
(What?)  
You don't wanna party when your ass gotta go  
(What?)  
You don't wanna party when your ass gotta go

And you can ride to this motherfucker  
Bounce to this motherfucker  
Freak to this motherfucker  
(Let's get it on)

Get it on the floor  
Get it, get it on the floor  
(What?)  
Get it on the floor  
Get it, get it on the floor

When I crawl, leave a nigga sprawled out after I spoke  
'em  
I'll slit his throat, dick in the mud and let his blood  
choke 'em  
Up north niggaz get the pick stuck up in 'em  
And in the streets bitches get the dick stuck up in 'em

My M.O. is man-slaughter kid  
'Cause on the reals I done wet up more motherfuckers  
than water did  
Slid, 'cause I got to slide when the dirt is done  
A homicide but they want me on the murder 1

But as long as I got my gun, I'm aight  
Stay outta sight while it's light and then come out at  
night  
To make moves again, stomp and bruise again  
I know I'm going to hell 'cause I choose to sin

All my motherfucking life I been the devil's advocate  
Now niggaz never even knew the devil had a kid  
But he does and when you hear the buzz of the  
chainsaw  
You'll know what I'll split your motherfucking brains for

Get it on the floor

Get it, get it on the floor  
(What?)  
Get it on the floor  
Get it, get it on the floor  
(What?)  
You don't wanna party when your ass gotta go  
(What?)  
You don't wanna party when your ass gotta go

And you can ride to this motherfucker  
Bounce to this motherfucker  
Freak to this motherfucker  
(Let's get it on)

Get it on the floor  
(What?)  
Get it, get it on the floor  
(What?)  
Get it on the floor  
Get it, get it on the floor

Don't start nothing, it won't be nothing  
Don't start nothing, it won't be nothing  
You wanna start some, it's gon be some  
You wanna start some, it's gon be some

Don't start nothing, it won't be nothing  
Don't start nothing, it won't be nothing  
You wanna start some, it's gon be some  
You wanna start some, it's gon be some  
Yo yo c'mon
