[Verse]

Have you ever got up smiling, laid down crying  
First you love life then wish you were dying  
Bitch so fed up gave up trying  
Kept it straight up but niggas kept lying  
Ever seen something that you wanted so bad  
And got it then wished it was something you never had  
You ever been so lost than you thought you won't make it  
If you ever been forced to do something you couldn't take it  
You ever felt so strong or so loved  
But when it came down it wasn't meant to be so hard  
Wake yourself up like ,where did I go wrong!?  
Just get back up , pray on it and go on

[Hook]

Have you eva been up, ever been down  
Ever been lost, then came around  
Ever been through it then came outta there  
Never had it, then got alot of it  
Have you eva been up, ever been down  
Ever been lost, then came around  
Ever been through it then came outta there  
Never had it, then got alot of it

[Verse]

Ever wanted to go right, then shows left  
He down with a lift to way shows death  
Burn in the night but everyday shows stress  
Regardless of what you think I'm going in that  
Have you ever wished upon a star that really wasn't there  
Gaze so in your heart, but really didn't care  
Stand out at the wrong turn and now life ain't fair  
And all you can do is take it, like ye  
Ever found out that the shit you was living with  
Deeper, 'cause to me is tryin' to creep ya

Back your glock off put your ass in a sleeper  
Used to be my dog, now he's the Grim Reaper

[Hook]

Have you eva been up, ever been down  
Ever been lost, then came around  
Ever been through it then came outta there  
Never had it, then got alot of it  
Have you eva been up, ever been down  
Ever been lost, then came around  
Ever been through it then came outta there  
Never had it, then got alot of it

[Bridge]

Ever seen something that you didn't want to see  
Had to be something that you didn't want to be  
Had to kill a nigga that looked just like me  
Wanted to believe to have a trust like me  
I seen the dark, I seen the light  
I seen the day, I seen the night  
I seen the wrong, I seen the right  
I seen the start, I seen the final

[Hook x2]

Have you eva been up, ever been down  
Ever been lost, then came around  
Ever been through it then came outta there  
Never had it, then got alot of it  
Have you eva been up, ever been down  
Ever been lost, then came around  
Ever been through it then came outta there  
Never had it, then got alot of it
