Time to get paid

Time to get, time-time to get, time to get paid

Time to get..

Now I'm in the limelight cause I rhyme tight

Now I'm in the limelight cause I rhyme tight

Time to get paid

Time to get, time to get, time to get, time to get paid

Now I'm in the limelight cause I rhyme tight

Now I'm in the limelight cause I rhyme tight

Time to get paid

Time to get, time to get, time to get, time to get paid

[DMX]

Money, money, money

Bitches, bitches, bitches

All these f-cking killers but a jail full of snitches

A dollar aint got a f-cking thing to do with riches

Say cheese, now I got pictures of what a bitch is

Got a crew of guerillas, start chickens like roaches?

Put n-ggas lights out, buenos nochas

You can go to the left, but don't lose the focus

Whatever the f-ck you do, don't lose the focus

Ain't nothing changed, n-gga throw them R's up

Come through on a higher boost, light them cars up

Vato's Locos, man we are nuts

You know that's us when we tear shit up

We get's it in, no muthaf-cking doubt

Aint got to pop a n-gga, I punch him in his mouth

Got ya soft like funeral music, cut it out

For real, f-ck is all the noise about

[Biggie: Juicy Sample]

[DMX - Verse 2]

When you walk like a duck, I'ma treat it like a duck

If it look like p-ssy than it's gon get f-cked

See, we get down for real, blam n-ggas from the truck

And we can keep talking slick but you dont get stuck

Cats making funny moves and I don't know what you up
too

But keep talking slick and you gon make me say f-ck

you
I'm a grown ass n-gga, walk alone ass n-gga
Bring it to you, aint no beefing on the phone ass n-gga
Nowadays there's so much (?)
I wouldn't be surprised if there was (?)
They don't make 'em like they used to
But y'all better get used to a n-gga keeping it real
Just because he choose to
They know I'm in some pain because I go against the
grain
Go against the game and show a n-gga that a
Throw a n-gga the (?)
Keep n-gga talking, Double R for life, we deep n-gga,
what!

[Biggie: Juicy Sample]

[Outro - DMX]

All my life, I've been struggling
I've been struggling, but I will be alright
All my life, I've been struggling
I've been struggling, but I will be alright

Grrrrr, this is the clean version hence all the question
marks. As soon as Swizzy drops the dirty I will fill in the
gaps.
